Augusti at Manila Gets Out of Sight.

Large-sized Hole Where Spain May Listen Vainly.

Captain-General Says He Can't Communicate Again.

MADE ILL BY POISONED FOOD.

Sagasta Expects Him to Act in a Concert.

If He Does It Will Be from Behind a Wall.

Impression Growing Americans Will Lose Control.

AGUINALDO CREATES A REPUBLIC.

The Philippine Chief Says He Wants to Be Connected With the United States—Will Fight Any Hostile Power.

[ASSOCIATED PRESS NIGHT REPORT.]
MADRID, June 20, 7 p.m. [By Atlantic Cable.] An official dispatch from Manila indicates that the situation there is worse. If Capt.-Gen. Augusti is obliged to take refuge in the citadel he will be entirely cut off from communication with the outside world.

LOCKED HIMSELF IN.
[ASSOCIATED PRESS NIGHT REPORT.]
LONDON, June 21.—The Daily Mail's Madrid correspondent says: "Capt.-Gen. Augusti telegraphs that he has gone into the walled city, and that he will be unable to communicate further with the government."

HIS FOOD POISONED.
[ASSOCIATED PRESS NIGHT REPORT.]
LONDON, June 21.—The Hongkong correspondent of the Daily Telegraph says: "According to the report of the United States transport Zafra, which has just arrived here from Manila, a dastardly attempt was made last week to poison Gen. Aguinaldo. He was taken suddenly and violently ill after partaking of a meal, and the symptoms were such as clearly indicated that poison had been mixed with his food. He was ill for two days."

ANOTHER EUROPEAN CONCERT.
[ASSOCIATED PRESS NIGHT REPORT.]
LONDON, June 21.—The Madrid correspondent of the Standard says: "All papers say the government is satisfied with the prospect of Capt.-Gen. Augusti being able to act in concert with the commanders of the European war vessels for a joint occupation of Manila. As the city cannot hold out until the arrival of the American troops, this would forestall the entrance into the town of the Tagal rebels, which Spain supposes the European powers would not be disposed to permit."

AGUINALDO'S AMERICANISM.
[ASSOCIATED PRESS NIGHT REPORT.]
LONDON, June 21.—The Hongkong correspondent of the Daily Mail says: "United States Consul Wildman has received no intimation from his government with regard to the future of the Philippines. Gen. Aguinaldo desires that the islands become an American colony. He declares that if he cannot be connected with the United States he will insist upon a republic being formed. If any other country than the United States wishes to secure control of the Philippines, that country will have to fight for it. The insurgents under Aguinaldo now have 10,000 rifles and eight field pieces."

POSSIBLE COMPLICATIONS.
[ASSOCIATED PRESS NIGHT REPORT.]
LONDON, June 21.—The Hongkong correspondent of the Times, telegraphing Monday, says:
"The impression is gaining ground here that, encouraged by their successes, the insurgents in the Philippines will become intolerant of American control. Aguinaldo's forces, however, are faithfully keeping the pledges to Admiral Dewey and his Philippine policy, which, I am credibly informed, is favorably received in Washington, being independent in all international affairs under American protection until the country is powerful enough to shape its own destinies. The Philippine are apprehensive lest German intrigues may interfere with the control of the islands."

"Should Capt.-Gen. Augusti resist, Admiral Dewey is expected to bombard Manila within a week from now."
AGUINALDO ELECTED PRESIDENT
[ASSOCIATED PRESS NIGHT REPORT.]
CHICAGO, June 20.—A special cable

today to the Record, from John T. McCutcheon, a staff correspondent with Dewey's fleet, reads as follows:
"HONGKONG, June 20.—Gen. Full-pino officially proclaimed a provisional government in Old Cavite June 12. There were great ceremonies and a declaration of independence was read unopposed. Spanish authority, Gen. Aguinaldo was president and Don Plarido vice-president. The insurgents' government will not oppose an American protectorate or occupation. The rebels have captured the Spanish Governor and the garrison of three hundred men at Bulacan. The Governor and garrison at Pampanga are surrounded, and the Governor and garrison of 450 men have been captured at Batangas. June 8, the family of Gov.-Gen. Augusti fled to the interior for safety.
The Spaniards in Manila are reported as having shot thirty carabineers for attempting to desert to the rebels. Aguinaldo sent an ultimatum to the Governor that if more were executed he would retaliate on Spanish prisoners.
BALTIMORE FOR ESCORT.
[BY DIRECT WIRE TO THE TIMES.]
HONGKONG, June 20.—[Exclusive Dispatch.] The Baltimore has sailed from Manila to meet the Charleston and troop ships. The French warship Pascal arrived at Manila, June 15.
AGUINALDO ELECTED PRESIDENT
[BY DIRECT WIRE TO THE TIMES.]
MANILA, June 13, via Hongkong, June 20.—[Exclusive Dispatch.] Aguinaldo has been elected President of the Philippine Republic, and Daniel Perindo, Vice-President.
THE FIRST FROM DEWEY.
[ASSOCIATED PRESS NIGHT REPORT.]
WASHINGTON, June 20.—Secretary Long received a call today from Dr. Kinklebarger, assistant surgeon of the Olympia, flagship of Admiral Dewey's squadron, and Gunner Evans of the cruiser Boston, both of whom participated in the battle of Manila. They were the first to arrive here to give the officials personal information of that famous engagement. Dr. Kinklebarger is on leave. Gunner Evans's term expired early in April, but, knowing that the battle was impending, he asked Admiral Dewey for permission to remain with the fleet. His request was granted, and this was readily granted, as Evans is a veteran at the gun, such as Dewey needed.
The two men looked bronzed from the exposure to the tropic sun, and their sturdiness gives assurance that Dewey's men were not suffering from lack of food. They gave the Secretary Long verbal assurance.
Gunner Evans had a long talk with the Secretary describing many interesting phases of the battle. Afterward he talked with a representative of the Associated Press. On the night before the battle he was awakened and ready for service constantly, while the men slept beside their guns. The spirit of the crew was high, and they were eager for the contest. There was no apprehension except in crossing over the mines at the entrance of the bay. The American sailors watched the Spaniards had planted mines and torpedoes at the entrance. The Olympia, with the admiral aboard, took the lead through this unknown danger, and when this had been cleared there was keen eagerness to begin the fighting.
There is no long down in the Philippines, the transition from darkness to clear daylight, coming in a few minutes. It was shortly after 5 o'clock that this change came, disclosing the Spanish ships lying eight miles off. The American sailors watched the hurry and confusion on board the Spanish ships as they prepared to defend themselves. They were practically helpless, as their fires were banked, and beyond the clearing of the decks for action and getting the men to quarters they could not be moved. Meantime the Olympia had led the way, and the American ships were in line of battle for their first broadside. Evans remained at the ammunition cases, serving shot and shell as fast as needed. The men at the guns had stripped to the waist, keeping on only their trousers and shoes. There was not a breath of air astir, and aside from the intense tropical heat there was the heat of action and excitement.

today, Light batteries D and G of the Sixth Artillery, with 250 men and officers, and twelve guns, started on the long journey across the continent. Both batteries are in good shape, and will prove valuable additions to the expedition.

No new transports were chartered today by the War Department. Maj. Long reported no new inspection, and as he is empowered to take all necessary steps toward securing vessels, the department is leaving everything in his hands, only signing the formal charters when he sees the vessels. The department received information, however, which increases the hope that the Northern Pacific ships will be put into this service, in which event, it is believed, the Victoria, Olympia and Arcton will be obtainable for service in the fourth expedition. These ships, with those which may be impressed from the Pacific Mail and Oceanic fleet, will carry all the troops to be dispatched in the regular expedition. More vessels may be needed later to carry recruits for the regiments already sent forward.

Senator Perkins today laid before the War Department the offer of the San Francisco Chamber of Commerce to equip a battery of heavy artillery for coast defense. While appreciating and praising the loyalty of the San Francisco business men, Secretary Alger said there was no way in which the government could accept this offer, as troops could enter the service of the United States alone through the designation and call by the Governor of a State. The same applies to all independent organizations, many of which have been offered to the government, through Senator Perkins by Californians. The Governor alone has power to accept troops, and the United States can receive them only from him.

The Navy Department says a statement that Gen. Merritt may go on in the Philadelphia cannot be correct, for the reason that the flagship will go only to Honolulu, and then only when the flag is to be raised, on which occasion the vessel will probably carry the commission in company with Admiral Miller.

An order, issued tonight, creates the Eighth Army Corps, which will be placed under the command of Gen. Merritt. The order explains that the corps is created for a better administration of affairs, and provides that when the duties as Governor shall occupy the time and attention of Gen. Merritt, Maj.-Gen. Elwell S. Otis shall be in command. This is in line with a forecast in the San Francisco Chronicle, and is said that Gen. Otis, as second in command, will be left by Merritt to arrange for the fourth expedition, he sailing in the third.

THOSE "PEACE TENDENCIES."
[ASSOCIATED PRESS DAY REPORT.]
MADRID, June 20, 2 p.m.—The newspapers say the Cabinet at its meeting yesterday discussed the "peace tendencies" observable in the United States, and in certain personages in Spain, but that Spain will unanimously repudiate "unworthy conditions," holding that peace is only possible "if the conditions are honorable and include the retention of the colonies."

DONATIONS TO SPAIN.
[ASSOCIATED PRESS DAY REPORT.]
LONDON, June 20.—A special dispatch from Paris says an Austrian agent has returned from Madrid, where he delivered to the Spanish authorities via the Pyrennes, 3,000,000 empty cartridges and 120 tons of explosives derived from French, Austrian and Belgian sources.

THE LAST FORCES.
Light Batteries Start for the Philippines via San Francisco.
[BY DIRECT WIRE TO THE TIMES.]
WASHINGTON, June 20.—[Exclusive Dispatch.] The last of the forces from the East, which will go to make up Gen. Merritt's expeditionary forces for the Philippine Islands left Washington

today. Light batteries D and G of the Sixth Artillery, with 250 men and officers, and twelve guns, started on the long journey across the continent. Both batteries are in good shape, and will prove valuable additions to the expedition.

A THIRD CALL.

Plans for Increasing the American Forces.

Congressional Committees Favor National Demonstration.

Fifty Thousand More Men Could Be Easily Equipped.

Should Gen. Shafter Meet With Reverses or Delay the Additional Enlistments are Likely to Be Made.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, June 20.—[Exclusive Dispatch.] While the war administration is busy arranging for reinforcements, the House and Senate Military committees are advocating the making of plans for calling out more troops. The fact is that while early movements have taken so few men, there is a belief that the army had much better be too great than too small, and in consequence there is pressure to have 50,000 more men added to the service list.

To equip these men now would consume less time than it did a month ago to put arms in the hands and uniforms on the backs of 10,000 of those summoned by the first call. All manufactures are in good working order, and there is little doubt but that by the time another call could be sent out, there would be a surplus of many supplies on hand to outfit and feed men summoned to concentration camps.

The moral effect of such a movement likewise is counted upon as showing Spain and the world the resources of the nation. It is regarded as almost certain now that should Gen. Shafter meet reverses or delay in having to meet a larger army than is contemplated, in view of the reports received, and that men shall be sent to Santiago as a result, there will be 50,000 more men called out and dispatched for training camps, where they will be turned into soldiers.

Gen. Blanco Declines to Exchange Hobson and His Crew—Sagasta Says the Question is Not Decided—Retaliation Possible.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, June 20.—Public attention here today was divided almost evenly between three subjects, the movement of Gen. Shafter's army, the probability of reinforcements having reached Dewey, and the status of Hobson, the naval hero. Up to a late hour in the afternoon neither of the anxiously-awaited messages which were to announce the arrival of the transports at Santiago and Manila had reached either the War or Navy departments. It was not doubted, however, that our vessels are off Santiago, for, although progressing at a less speed than the English steamship which reached Kingston and reported having passed them in the Windward Passage last night, the distance which they would be obliged to travel from the Windward Passage to Santiago is less than that traversed by the British ship, which came into Jamaica in the early afternoon. If they arrived only this morning off Santiago, they could not report that fact solely by means of a dispatch boat running over to Kingston, a twelve-hour journey, so that direct report from the fleet cannot be expected until a late hour tonight.

It is not doubted that just about the time Shafter appears off Santiago the Charleston will appear in the Bay, leading the three transport ships which bring nearly 3000 men to Dewey's assistance. That fact will not be known, however, officially for two or three days, owing to the distance from there to Hongkong, the nearest cable point. It is questioned here whether, with this force to back him, Dewey will feel justified in assaulting Manila, or even in accepting its surrender. Either course would involve heavy responsibility for the admiral, and it is extremely desirable that no pretext be afforded jealous European powers for intervention at Manila, under guise of protecting the interests of their subjects. Therefore, it may be that the admiral will wait for an installment of troops reaches Cavite. In this case he probably will land such troops as arrive in the town of Cavite, which is now completely under the control of himself and the insurgents, and employ the time in accustoming them to Manila methods and climate.

During the day dispatches announcing that Capt.-Gen. Blanco had refused to exchange Hobson and his fellow-prisoners created some indignation, which was modified later by Madrid advices quoting Sagasta as saying no decision had been reached. Should Spain adopt the cruel and unusual course of refusing an exchange, the regulations of the War Department are sufficient to meet the case. The following principle is laid down in its regulations:
"Retaliation will never be resorted to as a measure of mere revenge, but only as a measure of protective retribution, and, moreover, cautiously and unavoidably; that is to say, retaliation shall only be resorted to after careful inquiry into the real occurrence and the character of the deeds that may demand retribution. Unjust or inconsiderate retaliation removes the belligerents further and further from the mitigating rules of regular war, and by rapid strides leads them to the internecine wars of savages."

It was pointed out

MAKING FOR MANILA.

THIRD EXPEDITION HOPES TO GET AWAY THURSDAY.

Army Officers Think the Steamship People Can Do Better than the Latter Say.

GEN. MERRITT WANTS TO GO.

JAPAN MAY HELP UNCLE SAMUEL FIND TRANSPORTS.

Final Assignment of Troops to the Steamers—New Yorkers Who Will not Be "in It"—Another Army Corps.

[ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, June 20.—The third expedition to Manila will sail next Thursday, or Friday at the latest. This announcement was made at Gen. Merritt's headquarters this morning. Withstanding a report from other sources that the transports will not be gotten in complete readiness by that time.

The officers are supervising the preparations on board the vessels appear to differ with the steamship people concerning the completion of the alterations, and have reported to Gen. Merritt that the transports ought to be ready to receive the soldiers by Thursday. As yet Gen. Merritt has not made public the time of his own departure, but it is known among his officers that he is exceedingly anxious to get away on the next expedition, and will do so unless the authorities at Washington interfere with his present plans.

The report had been frequently circulated around army headquarters that Gen. Merritt will divert the course of the vessel in which he will journey to the Philippines, so as to touch at Hongkong before proceeding to Manila. Gen. Merritt will make this movement in order to place himself in communication with the authorities at Washington before he commences operations in the Philippines. Further instructions will doubtless await him at Hongkong, which is the only cable point at which he can touch after leaving this city.

In order not to delay the vessels of the third fleet, supplies and coal are now being placed on board. The carpenters can finish the fitting up of the bunks by Thursday, the five vessels may depart on schedule time, but it is doubtful if the transports, especially as the working force employed on the vessels is by no means large.

The Indiana is still receiving coal. The Morgan City had been coaled, and is ready to receive stores, which, however, have not yet arrived at the dock. The Ohio is receiving both coal and freight. There is nothing doing on the Valencia. The guards are on board, and are apparently enjoying greatly the ease of camp stools. The Valencia has no drydock today, and when she will go is uncertain, but the army officers say that she is to form part of the third expedition, and of course she will go. Considerable work will have to be done on her before she can be made ready. The City of Para is receiving freight at the same time the drydock is fitting up the sleeping quarters of the men is progressing rapidly. The Newport docked about 12:30 p.m. today, and will be got out as soon as possible.

Just what ships will be used for the fourth fleet cannot be learned, but the fleet will probably consist of the transport, now at her dock; the City of Puebla, due from Puget Sound; the steamer Peru, due from Hongkong June 24; the Alameda, which is scheduled to arrive from Australia June 29, and the Acapulco, which will doubtless arrive from Panama on the same date.

Japan may indirectly aid Uncle Sam. There is a report current at the Pacific Mail dock that the steamers of the Japan line, the Toyo Company, may be used as substitutes for the ships chartered by the United States government from C. P. Huntington. There is a traffic agreement between the Toyo Company and the Pacific Mail for the operating of new steamers now being built for the former company. The Mail company has given up the Peking and China, and will give up the Peru, the Toyo line, which operates a number of large steamers in the Orient, will probably furnish ships for the trade until its new steamers shall be completed.

Every effort is being made to recruit the Third Artillery, four of whose batteries are designated for Manila and the war strength of 200 men as soon as possible. The recruiting officers at Indianapolis, Chicago and St. Louis were ordered to make special efforts to get men for this regiment. Twenty-two recruits came in from Independence yesterday, and forty-seven are expected from Chicago tomorrow.

The officers and men of the Seventh California Regiment feel somewhat disappointed that they are not going with the third expedition, according to the original plan. Col. Berry stated this morning that one of the reasons why his regiment is not going is that there is not room enough for the troops on the Indiana. The paymaster arrived at camp this morning to advise the Seventh California that the appointment at not having been made members of the next expedition. The men were paid for May and June.

THE THIRD EXPEDITION. [ASSOCIATED PRESS DAY REPORT.] SAN FRANCISCO, June 20.—The troops that are to form the third expedition, under command of Brig-Gen. MacArthur, are now anxiously awaiting the order to embark on the transports. They are ready to start on short notice, and hope that they will be aboard by next Thursday.

The final assignment of the organizations to the transports was made by Maj-Gen. Otis is as follows: Steamer Valencia, North Dakota battalion; Ohio, First Wyoming Battalion, headquarters band, and D and H of the Eighteenth Infantry, recruits for the First Battalion of the Eighteenth and Batteries G and L of the Third Artillery; Indiana, headquarters and Cos. B, C and L of the Twenty-third Infantry, recruits for the First Battalion of the Twenty-third, the Signal Corps and the remainder of Co. A of the Engineer Corps; City of Para, Thirtieth Regiment, Minnesota Volunteers, with exception of recruits to arrive; Morgan City, Idaho battalions and recruits to arrive for Nebraska and Oregon regiments.

COMPLETELY EQUIPPED. [ASSOCIATED PRESS DAY REPORT.] SAN FRANCISCO, June 20.—The third expedition to Manila, numbering 101 men, including three officers, arrived in this city this morning. The men composing the battery are by far the most handsome appearing soldiers that have arrived in this city. They are thoroughly equipped, their outfits being the regulation United States Light Artillery equipment. They carry with them six Hotchkiss rapid-fire cannon, throwing 12-pound shells.

The battery arrived on this side of bay early this morning, and the ladies

of the Red Cross served coffee to the men, besides adorning them with California flowers. The streets were crowded with people, and the soldiers were accorded a splendid welcome. The battery marched to the Presidio, and will make their place there until they are ordered elsewhere.

The personal outfits of the men are complete. Each man has two uniforms, six pairs of socks, three pairs of canvas leggings, a brown campaign hat, brown canvas leggings and gaiters, the other uniform is of brown canvas, known as kakai cloth, trimmed in scarlet, pockets and shoulder straps included. With canvas suit is worn a white cork helmet. These helmets are water proof, with top and side ventilation. A protection hood which falls over the shoulders is made to adjust to each. The entire headgear weighs only seven ounces.

The outfit further includes three suits of underclothing, three blue wool shirts, six pairs of socks, three pairs of canvas leggings, two pairs of tramping shoes, six handkerchiefs and a pair of buckskin gaiter gloves. The men are to be given three years' service, and receive \$15.60 a month.

Among the vocations and professions represented on the expedition are several doctors, the late superintendent of the Presbyterian Hospital, New York City; a United States Marshal from Texas, Private Dan Prybis is worth \$100,000 in his own name. Shortly after the Astor battery passed through the city on their way to the Presidio, 151 men from the Fifty-first Iowa Regiment, who arrived here this morning, took up their march to Camp Merritt. The Iowans are not equipped in any particular, but are hardly looked set of men. The Red Cross Society entertained them at the Ferry depot and they were heartily cheered by the crowd on the streets. They will be thoroughly equipped on their arrival at Camp Merritt.

WEDDING BEFORE PARTING. [BY DIRECT WIRE TO THE TIMES.] VALLEJO, June 20.—[Exclusive Dispatch.] Frank D. Read, assistant engineer of the Monadnock, was married tonight to Miss Grace Lee McMaisters of San Gabriel, Los Angeles county. The ceremony was performed at the Bernard House by Rev. N. R. Freeman, pastor of the Baptist Church. The marriage was hastened on account of orders for the Monadnock to sail for Manila tomorrow. A general officiation followed the wedding.

RESOLVED ON WATER.

[ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, June 20.—The Board of Supervisors today adopted a resolution calling upon Secretary of War Alger to provide an adequate water supply and sewer facilities for the Presidio reservation. The preliminary steps looking toward the concentration of all the troops at that place. It points out the unsanitary condition of Camp Merritt, and the necessity of removing the soldiers from their present location.

NEVADA'S QUOTA.

[ASSOCIATED PRESS NIGHT REPORT.] CARSON (Nev.), June 20.—Gov. Sadler has been called upon for one battalion of infantry, consisting of four companies of 100 men each. C. A. Bennett of San Diego has been directed to make arrangements for the organization of recruits.

NO THIRD CALL.

[BY DIRECT WIRE TO THE TIMES.] WASHINGTON, June 20.—[Exclusive Dispatch.] Adjt.-Gen. Corbin denied that the third call for volunteers is in prospect, but admitted the possibility of a new proclamation under certain circumstances which may develop within the next few days.

AT CAMP THOMAS.

Ghost Walks for the New Yorkers. Recruiting and Drilling. [ASSOCIATED PRESS DAY REPORT.] CHICKAMAGUA NATIONAL PARK

June 20.—The most important happening today at Camp Thomas was the arrival of Gen. Healy and staff of New York, to pay the troops of that State for the time they were in prospect, but admitted the possibility of a new proclamation under certain circumstances which may develop within the next few days.

Inspired by the complaints of some of the New York troops that they were being paid without money, and needed many things, the New York World rushed to the park a carload of provisions for distribution among the New York regiments. The car came from New York in thirty-six hours, in charge of Mr. Roeder, a special staff representative of the World. Several hundred more recruits arrived this morning. The recruiting is progressing much more rapidly than expected, all the regiments filling up faster than anticipated. Efforts are now being made to perfect the guard service at the park as rapidly as possible. Orders have been issued from the First Corps, that hereafter all officers and noncommissioned officers of the guard will be requested to remain at the guard post during the entire time of duty. They will also make a prescribed inspection, and will be held responsible for the thorough instruction of the guard. To accomplish this each brigade is to appoint one of the members of its staff to do the work.

The hospital of the Third Division, First Army Corps, has some cases of pneumonia and typhoid fever. Maj. T. C. Clark, chief surgeon of the hospital, thinks that the soldiers may have had something to do with producing the typhoid fever by washing out the camps and carrying refuse into the water supply.

Five cars of equipment arrived yesterday, and were handed out for distribution today. These consisted of three cars of gun carriages, timbers and caissons for the artillery, and two cars of guns and miscellaneous stores. Additional guns and large quantities of ordnance stores are expected during the week.

NEW YORKERS BARRED.

[ASSOCIATED PRESS DAY REPORT.] ALBANY (N. Y.), June 20.—The State military authorities late this afternoon announced that none of the organizations of the old National Guard which did not go under the first call will be given any opportunity to volunteer under the second call. This decision will prevent the Seventh, Twenty-third and Seventy-fourth regiments and ten separate companies from forming a part of New York's quota under the second call.

EIGHTH ARMY CORPS.

Gen. Merritt to Have a New Command at His Disposal. [ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, June 20.—An additional army corps, to be known as the Eighth, is to be created. It will be composed of the troops assigned to the Philippines and will be in command of Gen. Merritt.

The creation of the new corps is by direction of the President, and authority is conferred upon Gen. Merritt to transfer the command of the corps to the next officer in rank at such time as he may deem it expedient to do so, as a matter of military administration, in order that he may be left free to

devote his attention to important matters of the government connected with the Philippine Islands. There is reason to believe that the creation of the new corps is the following out of an idea suggested by Gen. Merritt himself. Upon his arrival at the Philippines, Gen. Merritt will transfer the active command of the corps to Maj-Gen. Otis, now his second in command.

As military Governor of the Philippines, Gen. Merritt will have so many duties of the diplomatic character to perform that it would be impracticable for him to retain the active command of the troops on the island. He would be, of course, the supreme military authority in the Philippines, but direct command of the force there will devolve upon Gen. Otis.

Promotions of the following regular army officers will shortly be announced, the officers in each case being given commissions in the volunteer service and assigned to the staff of Gen. Merritt: Maj. James H. Barry, to be lieutenant-colonel and assistant adjutant-general; Capt. John H. Phillips, to be lieutenant-colonel and judge advocate; First Lieut. C. T. Potter, corps of engineers, to be lieutenant-colonel and chief clerk of the Philippine ordnance department, to be lieutenant-colonel and inspector-general.

WILLIE'S LATEST AD.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, June 20.—Lieut. A. N. Mayer has been given the command of the dispatch boat, the USS Monadnock, which was tendered the government by W. R. Hearst of the New York Journal, for use during the present war. Lieut. Mayer, up to the time of his assignment, has been connected with the naval observatory in Washington. Mr. Hearst has offered to the government the use of the USS Monadnock while it is in the service of the government, the latter providing for and furnishing the officers.

HOSPITAL TRAIN. [ASSOCIATED PRESS NIGHT REPORT.] TAMPA (Fla.), June 20.—The hospital train of twelve cars left here tonight in charge of Surgeon Charles Richards, assisted by Capt. H. P. Stiles and twenty-five nurses. The train carried sixty-two sick soldiers, transferred from the provisional hospital at Tampa to this place to the general hospital at Fort McPherson, Ga.

FIXING 'EM UP.

The Philadelphia, Ranger and Yorktown at Mer Island.

[ASSOCIATED PRESS NIGHT REPORT.]

MARE ISLAND NAVY YARD, June 20.—The work on the cruiser Philadelphia is nearly completed. The main battery of 6-inch rifles have been swung aboard and set in position. The ship has been painted in war colors. She will be taken out of the dock the first of next week. The new deck of the U.S.S. Adams has been about completed, and that ship will soon be ready for sea. The preliminary steps looking toward the concentration of all the troops at that place. It points out the unsanitary condition of Camp Merritt, and the necessity of removing the soldiers from their present location.

NEVADA'S QUOTA.

[ASSOCIATED PRESS NIGHT REPORT.] CARSON (Nev.), June 20.—Gov. Sadler has been called upon for one battalion of infantry, consisting of four companies of 100 men each. C. A. Bennett of San Diego has been directed to make arrangements for the organization of recruits.

RUN INTO A CORNER.

FRANK STEWART SURRENDERS TO THE SHERIFF'S POSSE.

After Fourteen Days of Dodging Dr. J. B. McNally's Assistant Finds Further Flight Impossible.

ARRAIGNED IN COURT AT ONCE.

SAYS HE HAD IT IN HIS POWER TO KILL AN OFFICER.

Well-known Newspaper Man Dead. Miss Piercy Gives Much Property—War Bond Subscriptions. Vessels Lost.

[ASSOCIATED PRESS NIGHT REPORT.]

PRESCOTT (Ariz.), June 20.—After fourteen days of persistent trailing over mountain trails, through gorges and cañons, Sheriff Ruffner and posse returned to Prescott this afternoon with Frank Stewart, who made a murderous attack on Dr. J. B. McNally, on June 6. Discovering this morning that escape was impossible, Stewart sent word to his pursuers that he desired to surrender. An indictment having already been returned against him by the grand jury, now in session, he was taken immediately into court and arraigned, but was allowed statutory time to plead.

Speaking of the pursuit by the officers, he said that on the afternoon of the shooting, while concealed in the rocks, he had a bead drawn on Under Sheriff Dillon, thinking him alone. On Dillon calling to another deputy, he refrained from shooting, not wishing to shoot a fellow officer. He located the officers' passed a number of times within a few feet of him in the rocks.

SHOTS EXCHANGED.

[ASSOCIATED PRESS DAY REPORT.]

PRESCOTT (Ariz.), June 20.—Sheriff Ruffner, who has been on the trail of Frank Stewart ever since June 6, when he shot Dr. McNally, has met him with him yesterday about twenty-five miles south of Prescott. Ruffner fired six shots from his Winchester rifle, and Stewart fired four from his Smith & Wesson. The Sheriff's shots went wild, while one of Stewart's bullets whizzed through Ruffner's hat. Ruffner summoned an adjutant, and was still on the trail, but it is evident that Stewart intends to make a better resistance.

He has been getting food by robbing uncultivated fields, and yesterday morning at a prospector's cabin and compelled the prospector to a breakfast for him. He asked about his victim, and was told that he was dead, that he was the first information he had received of the result of his murderous attack. The prospector gave him the information as to Mr. McNally's recovery so as to be able to be around.

ACTOR PIERCY'S DAUGHTER.

She Comes Into Possession of a Large-estate Inheritance.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, June 20.—Superior Judge Coffey made an order today awarding \$50,000 worth of real estate to Miss Viola Piercy. Miss Piercy is a daughter of the well-known actor of that name who wedded Miss Dunphy, daughter of the late William Dunphy, the wealthy cattleman.

Miss Piercy's mother died in 1880, her father having departed this life when she was an infant. The custody of the child was made the subject of a bitter contest in the courts between the Piercys and the Dunphys. As long ago as 1882 Judge Coffey made an order giving the child into the custody of her grandfather, William Dunphy, and after his death the girl became the ward of the late William Dunphy. Under the latter's will she was educated in Europe, and aunt and niece traveled extensively. Some weeks ago Piercy became of age and thus entitled to take possession of her estate.

A SIGNAL TO STOP.

Look Out for the Railroad Track Before the Bell Rings.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, June 20.—The Supreme Court today reversed the judgment of the Superior Court in the case of F. L. Herbert, who sued the Southern Pacific Company for personal damages. Herbert was run into and badly injured by a train near Penryn. A verdict awarded him \$15,000 damages, and the railroad people appealed. The judgment was reversed, the higher court holding that the plaintiff well knew the time trains were accustomed to pass the point at which he was injured, and his being in the road at that time was contributory negligence.

LOST VESSELS.

Sloop Senorita and Schooner City of Sitka Probably Wrecked.

[ASSOCIATED PRESS DAY REPORT.]

SEATTLE (Wash.), June 20.—The sloop Senorita, which sailed from here in January for Juneau with seven men, has been given up for lost. Of those on board, the names of only two are known—Thomas Farmer of Millville, and Frank McLain of Glenview, S. D.

War Bond Subscriptions.

SAN FRANCISCO, June 20.—The total subscription to the new 3 per cent. government bonds at the First National Bank at 3 p.m. today, amounted to a little over \$2,000,000. The First National Bank is now receiving money from those who have subscribed for \$500 worth or less amounts of the bonds, and is giving its receipts therefor. The small subscribers are to be considered first by the Treasury department, when the bonds are allotted.

Wallace C. Fenderson Dead.

SAN FRANCISCO, June 20.—Wallace C. Fenderson, a newspaper man well known throughout the State, died at the Occidental Hotel today from morphine poisoning. The drug supposed to have been taken to allay pain. Fenderson has been doing newspaper work in California, Arizona, Old Mexico and New Mexico for years, and at one time had charge of a paper in

Santa Fe, N. M. He has been employed in this city on several of the morning papers; also at Sacramento. His specialty was railroad reporting, and he was recently appointed press agent of the Stockton and Tuolumne Railroad, with headquarters at Sonoma.

Coming by Boat.

SAN FRANCISCO, June 20.—The steamer Santa Rosa left here today with the following passengers: For Port Los Angeles—Miss A. Foster, Miss Kimball, Miss E. Arms, C. W. Stocker, Miss M. Goodfellow, F. D. Monckton, Miss A. Murphy, Mrs. Barnes and daughter, Miss E. Goodfellow, A. Durward, Mrs. Connor, W. Edwards, Mrs. G. E. Dow and W. W. Guth, daughter, Mrs. Guth, Mrs. A. Bridstone, Miss Hendley, Miss L. Hoffman, Miss Cathcart, Miss J. Hoffman, Miss McVean, George Cook, C. L. Turner.

For Santa Barbara—Mrs. L. N. Mack and two daughters, Mrs. Miller, F. O. Snyder, Mrs. G. L. Barker, S. P. Roper, Mrs. Mike, C. H. Sherman, Mrs. Kellough, Mrs. McClements, Mrs. F. B. Stau, F. Smith, Miss G. Moore, F. G. Orella.

For Redondo—Mrs. V. Franklin, Mrs. L. Adams, Mrs. E. Remondino, Mrs. L. Adams, Rev. G. C. Adams, Mrs. L. Adams, Miss K. Barker, Mrs. L. B. Wood and daughter, Miss M. Devine, Mrs. Norman, Mrs. Kahn and daughter, Mrs. W. Dunn, Mrs. J. M. Rainey, Mrs. Freeman, Mrs. C. Boyer, Miss M. Dunn, J. W. Ramella, Miss N. D. Post, J. Willock Jr., Mrs. W. Wright, Mrs. A. J. Roulette, Mrs. E. Lewis, Mrs. M. G. Feuder, Miss Anna Lang, Mrs. Adams, Mrs. J. E. Rix, Miss E. Cerr.

Robinson of Alameda Sues.

SAN FRANCISCO, June 20.—Judge Bahrs today began the hearing of an application by the Southern Pacific Company for a writ of prohibition directed against the State Board of Railroad Commissioners in the case of Robinson of Alameda county. Attorney Monteth appeared for the board and took the position that the case presented by the petition was one of which the courts could legally take cognizance. Hearing on the main points of the litigation was continued until tomorrow.

Schooner Alton Spoken.

SAN FRANCISCO, June 20.—The Merchants' Exchange has received a dispatch from Port Townsend to the effect that the schooner Alton, which was reported lost on the Alaskan coast some days ago, has been spoken by the tugboat Rabboni.

Josh Tevis's Collar Bone Broken.

SAN JOSE, June 20.—Joshua Tevis, a wealthy merchant aged 70 years, brother of Lloyd Tevis of San Francisco, had his collar bone broken today by being thrown from a buggy.

San Diego's New Line.

SAN DIEGO, June 20.—It is stated on apparently good authority here that the line of the new railway to be put between San Diego and Yokohama is owned by the great English Peninsula and Oriental Company.

For colds, croup and whooping cough there is nothing better than Chamberlain's Cough Remedy.—[Adv.]

Night Dispatches Condensed.

The Vienna correspondent of the London Daily Chronicle says Austria is likely to take military measures to deal with the Albanian and Serbian disorders near the Austrian frontier.

Two new cases of yellow fever have broken out at McIntyre, Miss., the quarantined town, and were reported to Surgeon-General Wyman of the Marine Hospital Service yesterday. The new cases are in the same houses where the first seven cases occurred.

A Jacksonville (Fla.) dispatch says that from twenty to thirty members of Co. E, First Wisconsin Regiment, were a strong delegation at last night. There is every indication that the men are suffering from the effects of poison caused by eating unsound food.

At Camp Alger, yesterday, the First Brigade, First Division, marched down to the water to bathe. Each regiment marched in fighting order, with its baggage train under heavy guard. The New York Cavalry have been ordered to intercept and capture the wagons if possible. They will return to camp tomorrow.

The Interstate Commerce Commission will be asked to suggest some means of bringing the war between the American roads and the Canadian Pacific to a summary conclusion. The Executive Committee of the Western Passenger Association has formally decided upon taking this course, and a strong delegation of western passenger agents will go to Washington as soon as an appointment can be made with the commissioners.

A COSTLY NIGHT OUT.

A SAN DIEGO COUNTY RANCHER
ROBBED OF \$300.

He Says That Albert A. Dow, a Chance Acquaintance, Held Him of His Money While They Were Doing the City Together. Dow Arrested.

Albert A. Dow, a vendor of soap, tea and various sundries, was arrested yesterday by a detective in a club-room, charged with having picked the pocket of a San Diego county rancher named Dorst last Saturday, securing \$300. The prisoner denies the accusation, while Dorst says he is confident that Dow is the fellow who did with him all of Friday night and Saturday morning, and who gave him whisky to drink that temporarily paralyzed his senses.

Dorst arrived in the city Friday evening, and attended the performance at the Los Angeles Theater that night. He was on his way to Dayton, O., and had a through ticket to Chicago, for which city he was to leave the following morning at 10 o'clock. Besides the ticket the traveler had \$400 in cash. His stop in the city seems to have been primarily to have a good time. In his rounds of the drinking places he met Dow, and the two started "to do" the town. The detective says Dow is a gambler on a very small scale, and that he tries to turn a penny or two in that way, aside from his peddling. Quite naturally, therefore, he took Dorst to a club-room, and there the victim was let off easy, losing only a few more than \$2.40. But in paying for his chips Dorst displayed his purse, which even then contained three \$100 bills and about \$60 in gold and silver. Dorst says that Dow, seeing this money, promptly asked to be staked, but he refused to do so.

The two then went to Lew Simpson's club-room on Los Angeles street near First, where Dorst parted with some more money, but merely a trifling amount, he says. Next, Dow took him to an oyster house, but they could not get admission because they were too drunk. They met with better success at another resort, where they stayed awhile. Dorst claims he spent but a few dollars in this place.

About 3 o'clock Dorst was discovered by a policeman at Second and San Pedro streets, lying helpless on the pavement, but yelling for assistance as with the lungs of a dozen men. He claimed that while standing there with Dow, discussing where they would go next, Dow handed a means bag and sent him for a bottle of whisky. The bottle was first handed to Dow by the boy, who put it to his lips as if drinking from it. He then handed it to Dorst, who now says he has a distinct recollection that it was still as full as when brought, but he drank liberally of it, not suspecting any ulterior motives. A moment after drinking the stuff, Dorst says he fell to the ground, and that Dow then extracted his wallet from his pocket, and ran off with it. He believes the whisky contained knock-out drops.

Dorst has so far not recovered one cent of the money he alleges was stolen from him. Nothing was found on Dow to connect him with the case, and all that the detective can do is to prove that he was the only person known to have been in Dorst's company on that eventful night. The victim is said to own considerable land about eleven miles from San Diego, but he has not been able to raise enough funds as yet to continue on his journey.

LAW BEING IGNORED.

Attention Drawn to the Purchase of Supplies Outside the State.

A letter was received yesterday by Secretary Zechandelaar of the Merchants' and Manufacturers' Association, from the Manufacturers' and Producers' Association of California, in which regret is expressed that any of the State officials in the advertising and purchasing of supplies, have seen fit to ignore the law passed at the last Legislature, which reads as follows:

"Any person, committee, board, officer, or any other person charged with the purchase, or permitted, or authorized to purchase supplies, wares, merchandise, manufactures, or produce for the use of the State or of any of its institutions, or offices, or for the use of any county or city or town, shall always, price, fitness and quality being equal, prefer such supplies, goods, wares, merchandise, manufactures and produce as has been grown, manufactured, or produced in this State, and shall next prefer such as have been partially so manufactured, grown, or produced in this State."

"All State, county, city and county, city or town officers, all boards, commissions, or other persons, charged with advertising for any supplies, shall state in their advertisement that such preference will be made. In any such advertisement no bid shall be asked for any article of mark, nor any patent apparatus or appliances, when such requirement would prevent proper competition on the part of dealers in other articles of equal value, utility or merit."

The suggestion is made in the communication that it would be well that the efficiency of the present law be tested, in case any weak points should be developed, that they might be amended at the next Legislature, which meets in January.

This law was recently published and circulated by the Manufacturers' and Producers' Association of California, and sent to all parties interested with the purchase of supplies.

A letter was also received yesterday by the Merchants' and Manufacturers' Association from the Cyclone Street Sweeper Company of Omaha, enclosing cuts of their machine, with a view to recommending it for adoption by the City Council.

The machine picks up the dirt as it sweeps, which is thrown into a certain part of the machine, where any microbes that may exist are killed by the exhaust from the steam that runs the machine.

EXONERATION OF MR. AND MRS. WILLIAMS.

I, the undersigned, Lester Green, who am employed by Samuel Meyer do hereby certify and declare that I caused the arrest of Mr. and Mrs. Williams on the 16th day of June, 1898, and that my action in the premises was caused by a mistake, and I fully exonerate Mr. and Mrs. Williams from any and all blame, and requested the dismissal of the case against them.

LESTER E. GREEN,
The above is to my entire satisfaction.
SAMUEL MEYER.

QUICK SETTLEMENT.

OFFICE OF CRANDALL, AYLESWORTH & HASKELL, Los Angeles (Cal.), June 11, 1898.
Mr. J. J. Kelly, San Francisco.
Dear Sir: It is with great pleasure that we acknowledge the receipt of your draft drawn on Edward Brown & Son, general agents for the Sves Insurance Company, for \$5000 in payment of our policy No. 202,919.

This, we must say, is quick work, as our building burned just two weeks ago today. And the profits of loss have been in your hands only four days. Such prompt adjustments and payments are certainly very encouraging to those who have to depend upon insurance companies to take care of them in case of such misfortunes as the one through which you are passing.

Thanking you for your kindness in the matter and promising that your company will be remembered in the future, we are, yours truly,
CRANDALL, AYLESWORTH & HASKELL,
Per E. E. Crandall, Pres.

Events in Society.

Mrs. L. Higgins gave a smart dancing party at Wood's Hall last evening, in honor of the graduation of her daughter, Miss Ione Higgins, from the Marlborough School. The hall was handsomely decorated with American flags, pennants and shields, strings of Japanese lanterns and potted plants. The electric lights were also shaded in red, white and blue. Lowinsky's Orchestra furnished the music and the supper was served by Reynolds. Misses Mason, Gwynne, Margaret Hughes, Butler, Hubbard, Wesley Clark, T. B. Brown, the Misses Ida Lindley and Cora Lane, and the class of '98, the Misses Louise Jastro, Lillian Carlton, Nellie Clark, Inez Clark, Nora Sterry and Adelaide Brown, assisted in receiving. The other guests were:

Misses—
Jane Jastro, Jane Campbell, Marie Jastro, Mary Hunsaker, Adelaide Mata, Natalie Dillon, Gertrude Mason, Elizabeth Alexander, Elsie, Ella Clark, Georgia Knight, Evelyn Gwynne, Helen Howes, Myra Lindley, Rowena Moore, Eva Keating, Lella Simonds, Mae Gilmore, Jette Thomsen.

Messrs.—
Earl Lewis, Allen Brown, Will Phelps, Russel Taylor, Don Carlton, Charles Egan, Tom Lee, Vance Anderson, Phil Lindley, Ernest Howard, Volney Howard, Ray Conger, Harry Robinson, Elmer Howard, Clinton Blackstone, Ray Jones, Fred Shoemaker, Keller, Harry Duffell, Gurney Newlin, Norman Sterry, W. A. Bouscaren, Will Corbett, Karl Klokke, Charles Ferguson, Glover Widner, Jack McGarry, A. Waters, Arthur Smith, Calvin Green, Carroll Allen, Chandler.

The Monday Musical Club was delightfully entertained by Mrs. James Burdette yesterday afternoon at her cozy Redondo cottage. The programme was as follows:

—Miss Amelia Berger.

Vocal solos, "Dear Heart," and "The Dying Rose" (Tunison)—Mrs. J. J. Schaller.

Violin solos, "Etude de Salon" (De Beriot) and "Pizzicato" (Debussy).

Miss Mary V. Mullins.

Vocal solos, "Bonnie Sweet Bessie" and "Child's Garden" (Nevin)—Mrs. F. H. Evans.

Vocal solos, aria, "Queen of Sheba" (Gounod) and "Rejoice Greatly" (Handel)—Mrs. Burdette.

Piano solos, "Chant d'Amour" (Paderewski), and "Minuet" (Delahaye)—Miss Conger.

Elaborate refreshments were served and each guest was presented with a souvenir in the shape of a bunch of Redondo carnations. The guests in addition to the members, were:

Messdames—
J. W. A. Or, Charles Or, Call, George Steckel, O. A. Vickrey, Evans, Burnett.

John Hunt, Misses—
Ainsworth, Belle Ainsworth.

Mrs. Arthur Forrester entertained a few little people yesterday afternoon at her home on West Seventh street, in honor of the third birthday of her daughter, wee Luella Mae, Misses E. A. Forrester, E. E. McCarthy, Ollis Shaw and Miss McCarthy assisted. The rooms were prettily decorated with a profusion of flowers, and the luncheon tables with white marguerites, pink sweet peas and ferns. The little guest of honor received a number of pretty gifts. Those who were present to enjoy the afternoon were the Misses Helen Hines, Frances Soule, Beth McClees, Grace Dukeman, Mildred Squires, Helen Woodhead, Mary Brodbeck, Margaret Olhart, Rosita Kerckhoff and Myra Chesbro of Covina; Masters Wheeler Chase, Forrester Chase, Victor McClees, Harry Luckenbach, Ralph Dukeman, Herbert Chesbro of Covina.

Miss Addie Murphy entertained her Shakespeare class, at the Y.W.C.A. rooms last evening. Miss Murphy and Miss Angela Anderson gave a number of delightful readings, including the balcony scene from "Romeo and Juliet," and a fine collection of Shakespearean photographs added interest to the programme. Refreshments were served in the dining-room, where the table decorations were sweet peas and maidenhair. The place cards were painted with sweet peas and inscribed with quotations from Shakespeare.

NOTES AND PERSONALS.

A reception and garden party will be given to Rev. Mr. Gray and Mrs. Gray by Mr. and Mrs. Thomas and the Woman's Guild of St. Paul's Church, Thursday evening from 8 to 11 o'clock, at the Thomas residence on Figueroa and Jefferson streets.

Miss Annie S. Frost and Charles B. Horner were married last Thursday at Ascension Church, Boyle Heights, by Rev. D. F. MacKenzie.

A merry party chaperoned by Mrs. Graves of Pasadena left San Pedro Sunday on the yacht Sunflower for a pleasure trip up the coast. Among those on board are Mr. and Mrs. Graves, Misses Lella Short, Miss Louise St. George, Messrs. J. Benjamin and Franklin Rodman.

BROWN'S OIL-BURNING FURNACE for heating houses is a wonder. 1 to 2 cents an hour for oil. No. 123 East Fourth.

Liquor Morphine Opium

And all other narcotic drug additions succumb to the Keeley Treatment just as a fever succumbs to aconite. Each case is treated on its own merits. A building up of shattered nerves and tissues is gradually accomplished. There is nothing heroic about the Keeley.

Send for printed matter that tells all about it.

A Beautiful Present

In order to further introduce ELASTIC STARCH (Flat Iron Brand), the manufacturers, J. C. Hubinger Bros. Co., of Keokuk, Iowa, have decided to GIVE AWAY a beautiful present with each package of starch sold. These presents are in the form of

Beautiful Pastel Pictures

They are 13x19 inches in size, and are entitled as follows:

Lilacs and Pansies.
Pansies and Marguerites.
Wild American Poppies.
Lilacs and Iris.

These rare pictures, four in number, by the renowned pastel artist, R. LeRoy, of New York, have been chosen from the very choicest subjects in his studio and are now offered for the first time to the public. The pictures are accurately reproduced in all the colors used in the originals, and are pronounced by competent critics, works of art. Pastel pictures are the correct thing for the home, nothing surpassing them in beauty, richness of color and artistic merit.

One of these pictures will be given away with each package of purchased of your grocer. It is the best laundry starch on the market, and is sold for 10 cents a package. Ask your grocer for this starch and get a beautiful picture.

ALL GROCERS KEEP ELASTIC STARCH. ACCEPT NO SUBSTITUTE

DISEASES AND WEAKNESS OF MEN

Dr. Meyers & Co. have made a special study of the ailments of men, including troubles which have been recently contracted, those which have become dangerous by bad treatment and long standing, and partial or complete loss of vital power. Nervous debility and wasting weakness quickly and permanently cured.

Consultation Free

Thousands cured at home. Private book for men only and symptom blanks sent on application. Correspondence solicited. All letters confidential.

Rupture Cured in 4 Months

LOS ANGELES, CAL., March 28, 1898. PROF. JOSEPH FANDREY, European Specialist, 642 S. Main St., Cal.

Dear Sir:—This is to certify that I, J. D. Harmon, have suffered from rupture for a period of 22 years, and during that time I have suffered a great deal, but through friends I was advised to consult Prof. Joseph Fandrey 6 months ago, which I did, and was completely cured in 4 months time, without operation, injection or detention from business. I am now as strong and able as any man living, and have no further need for a truss. I will be very glad to answer any and all questions from those who are suffering as I was. Very respectfully, J. D. HARMON, 707 Washington St., European Specialist in Rupture Curing, 642 S. MAIN ST.

War Only Just Begun

THE VERY WORST MISTAKE IN WAR IS TO UNDERRATE YOUR ADVERSARY.

That's what the allied powers did when they tackled Prussian Frederick; that's what the British did in 1775 and 1812; that's what the North did in 1861, and *that's what we may be doing now.*

It's only just begun. It will be a big war—a war well worth remembering.

EVERY HOME WILL WANT A RECORD OF IT AS A MATTER OF PATRIOTISM—OF history—Such a record every home can now easily secure from week to week by sending for the successive parts as issued of **X X X X X X X X X X**

Civil Service Rule Amended.
On May 13, 1898, the President
declared that he would rule 7, as
follows, so that it now reads:
"The term of eligibility shall be one
year from the date on which the name
of the eligible is entered upon the reg-
ister. Provided, that in case a person
whose name is upon any register shall
be mustered into the military or naval
service of the United States at a time
when the United States may be en-
gaged in hostilities with an enemy, the
period of eligibility of such persons
shall, under such circumstances as the
Civil Service Commission may pre-
scribe be considered as suspended dur-
ing the time such eligible may be serv-
ing in the army or navy of the United
States."

British-born Americans.
All British-born residents of Southern
California are requested to send their
names and addresses to the secretary
of the Fourth of July Committee of
British-born Americans, in order that
reliable statistical information may be
in possession of the committee, and
also that invitations to participate in
the parade may be forwarded to them.

THE PUBLIC SERVICE.
ARBITRATION NEXT.

OFFER OF THE CITY FOR A WATER PLANT REFUSED.

Matter to Be Considered Today in Special Session—Lighting Company Protests Against "Confiscation."

AN ATTORNEY REPRIMANDED.

THE BILL-BEARD ORDINANCE DECLARED INVALID AND VOID.

Extraordinary Basis for a Divorce Suit—A Complicated Action on a Note—Two Promising Candidates for Whittier.

As was expected, the Los Angeles City Water Company has declined the offer made by the city to purchase its plant for \$1,000,000. In a communication presented to the City Council yesterday the company states its reasons for refusing, and also advances arguments against the prospective settlement of the controversy by arbitration. The Council held an executive session at noon yesterday to consider the matter, and will meet again at 10 o'clock this morning to take action looking to arbitration.

The Los Angeles Electric Company has filed a petition to the City Council for an amendment of the specifications under which bids for lighting the city, erecting a distributing system and furnishing current have been advertised for. The company alleges that the present specifications shut it out entirely from offering its services, and that the City Council is in violation of the provisions of the city charter in imposing the same. Judge Cheney appeared before the City Council yesterday on behalf of the company, and appealed for what he considered fair play.

Complaints have been made to the Chief of Police of the manner in which the White Wings saloon on Spring street near Fourth is conducted. The matter will be presented before the Board of Police Commissioners today, and Auditor Nichols has reported to the City Council that the charges made by the city justices in civil cases are not uniform. He also informs the Council of the failure of the officials to turn into the city treasury the amounts of their collections at the time they are made. The matter has been referred to the Finance Committee, and will be considered by the Board of Public Works next Friday.

The proposition to reclaim the water which flows underground in the bed of the river, and use it to irrigate lands south of the city, is meeting with strong opposition from a number of irrigators who depend upon a portion of the zanja system for their water. They assert that the plan they tried will deprive them of much-needed water.

The motion made yesterday before Judge Van Dyke to have dissolved an injunction restraining arrest from transferring or assigning money found upon their person, was granted by the court. In the first place the defendants, Campbell and Spencer, had over \$500, which was quite a nice sum for attorneys to draw against while preparing for the defense, and in the second place, Attorney Shinn mislaid papers in his motion, and pretended to represent Sheriff Burr and Chief of Police Glass, when, as a matter of fact, he did nothing of the kind. This drew from Judge Van Dyke a prompt rebuke, which is all the rebuking attorneys ever get in the Superior Court.

The bill-board ordinance has been pronounced invalid and void, and now bill boards without limit, either as to height or anything else, may be expected to appear pending the passage by the City Council of a new ordinance. A motion extraordinary application for divorce was made by a Mrs. Crocker, the basis of her complaint being that her husband was filthy, and did not take a bath once a year. The decree was granted for divorce, and in law the husband being the cause of the wife leaving home, he was guilty of deserting her.

Continuing the Auditor quotes the law regulating the fees that may be charged by justices of the peace, and points out results which might arise from the present bill-board ordinance. He does not suggest a remedy, leaving that to the Council. The report was referred to the Finance Committee, which will probably report favoring the establishment of a uniform practice in both courts.

The City Clerk read a number of ordinances for the construction of sewers, ordinances of intention for which had been adopted some time ago. There were also read a number of ordinances ordering the work to be done without division. Among the ordinances presented as a part of the bill-board ordinance, was one for the appointment of commissioners for the opening and widening of Twenty-seventh street, from Western avenue to the city limits. The ordinance was adopted, and later in the session, J. L. Starr, C. J. Petter and Frank McKee were named by the Council as commissioners.

WATER COMPANY'S REFUSAL.
City Attorney Dunn appeared before the Council and stated that he had received from the Los Angeles City Water Company a reply to the offer made by the city to purchase its plant for \$1,000,000. The company's reply was to the effect that it would not sell its plant to the city for the sum offered, and that it would not sell its plant to the city for the sum offered, and that it would not sell its plant to the city for the sum offered.

The recommendations of the Finance Committee with reference to rifles for the police, and also in regard to the purchase of a new set of uniforms during vacations, were adopted without debate or division.

Park Commissioner Jones was granted a leave of absence for thirty days, commencing whenever he desires to leave the city. He will go east on business in a few days.

The proposition to establish a city printing plant in the basement of the City Hall, which was filed in the clerk's office several days ago, was referred to the Board of Public Works.

WATER COMPANY'S REFUSAL.
City Attorney Dunn appeared before the Council and stated that he had received from the Los Angeles City Water Company a reply to the offer made by the city to purchase its plant for \$1,000,000. The company's reply was to the effect that it would not sell its plant to the city for the sum offered, and that it would not sell its plant to the city for the sum offered, and that it would not sell its plant to the city for the sum offered.

The recommendations of the Finance Committee with reference to rifles for the police, and also in regard to the purchase of a new set of uniforms during vacations, were adopted without debate or division.

Park Commissioner Jones was granted a leave of absence for thirty days, commencing whenever he desires to leave the city. He will go east on business in a few days.

The proposition to establish a city printing plant in the basement of the City Hall, which was filed in the clerk's office several days ago, was referred to the Board of Public Works.

THE PUBLIC SERVICE.

OFFER OF THE CITY FOR A WATER PLANT REFUSED.

Matter to Be Considered Today in Special Session—Lighting Company Protests Against "Confiscation."

AN ATTORNEY REPRIMANDED.

THE BILL-BEARD ORDINANCE DECLARED INVALID AND VOID.

Extraordinary Basis for a Divorce Suit—A Complicated Action on a Note—Two Promising Candidates for Whittier.

As was expected, the Los Angeles City Water Company has declined the offer made by the city to purchase its plant for \$1,000,000. In a communication presented to the City Council yesterday the company states its reasons for refusing, and also advances arguments against the prospective settlement of the controversy by arbitration. The Council held an executive session at noon yesterday to consider the matter, and will meet again at 10 o'clock this morning to take action looking to arbitration.

The Los Angeles Electric Company has filed a petition to the City Council for an amendment of the specifications under which bids for lighting the city, erecting a distributing system and furnishing current have been advertised for. The company alleges that the present specifications shut it out entirely from offering its services, and that the City Council is in violation of the provisions of the city charter in imposing the same. Judge Cheney appeared before the City Council yesterday on behalf of the company, and appealed for what he considered fair play.

Complaints have been made to the Chief of Police of the manner in which the White Wings saloon on Spring street near Fourth is conducted. The matter will be presented before the Board of Police Commissioners today, and Auditor Nichols has reported to the City Council that the charges made by the city justices in civil cases are not uniform. He also informs the Council of the failure of the officials to turn into the city treasury the amounts of their collections at the time they are made. The matter has been referred to the Finance Committee, and will be considered by the Board of Public Works next Friday.

The proposition to reclaim the water which flows underground in the bed of the river, and use it to irrigate lands south of the city, is meeting with strong opposition from a number of irrigators who depend upon a portion of the zanja system for their water. They assert that the plan they tried will deprive them of much-needed water.

The motion made yesterday before Judge Van Dyke to have dissolved an injunction restraining arrest from transferring or assigning money found upon their person, was granted by the court. In the first place the defendants, Campbell and Spencer, had over \$500, which was quite a nice sum for attorneys to draw against while preparing for the defense, and in the second place, Attorney Shinn mislaid papers in his motion, and pretended to represent Sheriff Burr and Chief of Police Glass, when, as a matter of fact, he did nothing of the kind. This drew from Judge Van Dyke a prompt rebuke, which is all the rebuking attorneys ever get in the Superior Court.

The bill-board ordinance has been pronounced invalid and void, and now bill boards without limit, either as to height or anything else, may be expected to appear pending the passage by the City Council of a new ordinance. A motion extraordinary application for divorce was made by a Mrs. Crocker, the basis of her complaint being that her husband was filthy, and did not take a bath once a year. The decree was granted for divorce, and in law the husband being the cause of the wife leaving home, he was guilty of deserting her.

Continuing the Auditor quotes the law regulating the fees that may be charged by justices of the peace, and points out results which might arise from the present bill-board ordinance. He does not suggest a remedy, leaving that to the Council. The report was referred to the Finance Committee, which will probably report favoring the establishment of a uniform practice in both courts.

The City Clerk read a number of ordinances for the construction of sewers, ordinances of intention for which had been adopted some time ago. There were also read a number of ordinances ordering the work to be done without division. Among the ordinances presented as a part of the bill-board ordinance, was one for the appointment of commissioners for the opening and widening of Twenty-seventh street, from Western avenue to the city limits. The ordinance was adopted, and later in the session, J. L. Starr, C. J. Petter and Frank McKee were named by the Council as commissioners.

The Games

THE WEATHER YESTERDAY.

U. S. WEATHER BUREAU, Los Angeles, June 20.—(Reported by George E. Franklin, Local Forecast Official.) At 5 o'clock a.m. the barometer registered 29.89; at 5 p.m., 29.83. Thermometer for the corresponding hours showed 62 deg. and 72 deg. Relative humidity, 5 a.m., 92 per cent.; 5 p.m., 62 per cent. Wind, 5 a.m., calm; 5 p.m., west, velocity 3 m.p.h. Maximum temperature, 72 deg.; minimum temperature, 58 deg. Barometer reduced to sea level.

DRY BULB TEMPERATURE.
Los Angeles 62 San Francisco 52
San Diego 60 Portland 52

Weather Conditions.—Clear weather prevailed in the interior of California and on the coast between Point Conception and San Francisco. Elsewhere on the Pacific Slope it is cloudy, and showers have fallen in Oregon and Washington. The temperature remains about stationary west of the Rocky Mountains. It is high in Arizona, Phoenix reporting a temperature of 80 deg. this morning.

Forecasts.—Local forecast for Los Angeles and vicinity: Cloudy tonight; fair Tuesday.

SAN FRANCISCO, June 20.—For Southern California: Fair Tuesday; warmer in extreme southern portion; fresh westerly winds.

ALL ALONG THE LINE.

It is said by the Ojai that "The year 1894 was one of the driest seasons ever known in Southern California. A man who resided in Lompoc during that time, states that so sweeping were the effects of the dry spell that the ground squirrels, which fairly overran the region, suffered complete extermination." No great loss without some small gain. The job last winter was not quite so thoroughly done.

The Oakland Times predicts that "this country is going to be full of both wheat and cotton next fall and winter, and it is feared the prices will be very low. The season's cotton crop, like that of wheat, is represented as enormous, for, although the southern farmers held conventions last year, and resolved to curtail the area of production, it would appear none of them did so. The vast wheat crop of the year is also due, in part, to overplanting, for last winter's good prices for the staple seem to have led the farmers to repeat their old blunder of growing wheat to excess."

Seekers after the pot of gold at the end of the rainbow have not all gone to the war, instead of the mines. The Oakland Tribune says: "The departure of another party of Klondikers tomorrow shows that there are still many anxious to invade the northern country, though those who are going now intend to have all the comfort possible on the trip, and are journeying by the river, instead of over the bleak Chilcotin. They will get into Dawson six weeks from now, and they will have to move away from that city again as soon as possible, for 30,000 men are said to be in that particular part of the country. As every inch has therefore been thoroughly prospected long ago, those going now will have to strike out into new territory if they want to get a chance to make their fortunes."

It has not taken long for the professional bilks to seize the new opportunity offered to impose on the generosity of charitable and patriotic people. One instance is noted by the Alameda Enquirer: "Complaint is being made all over the country about the wives and families of soldiers left destitute, while their heads are away fighting the battles of their country. At this stage of the war there is no occasion for anything of the kind. There is no reason why any man with other dependent upon him should enlist. Indeed, it ought not to be permitted. Rigid inquiry should be made of each man who offers himself, and if he has a family who would be unprotected for he should be rejected. More care should be used in inquiring into the cases of alleged destitution. An example came under the writer's notice a short time since. A woman claimed that her husband had gone to Manila and had left her without a dollar, and on this plea the sympathy and aid of patriotic people was asked. Subsequently it developed that this was not true, and that the husband had left means enough to support his wife for a whole year."

RAILROAD RECORD.

RECRUITS FOR THE SEVENTH.
File-driver Burned at Glamis—Big Week in Oranges—Notes.

Charlie White of the Southern Pacific was busy yesterday making preparations to send out 267 men under three officers to recruit the Seventh Regiment to the full complement of men. Capt. Dodge has been gathering the boys up at San Diego, Riverside and San Bernardino; Capt. Finley at Pomona, Santa Ana and Santa Paula, and Col. Schreiber in Los Angeles. The train will leave here some time tomorrow, and will probably be a special consisting of seven tourist cars. Yesterday a pile-driver mounted on an car as usual, and when working at Glamis Station, caught fire, probably from the engine, while the crew was at dinner. The donkey engine-room and men in body of the car fell a victim to the flames.

Last week was a great one in citrus-fruit shipments, 639 cars, or nearly 100 a day, including oranges, were sent east. A great many of these were lemons. There is an active demand for oranges and lemons for Fourth of July all over the East, and these shipments are the result of that.

The Southern Pacific depot at Riverside, constructed of Roman brick and patent tile in mission style, is considered a very picturesque building. A contract has been let to build one at Redlands of similar design.

A Judson-Phillips excursion of one full car went yesterday, and a Supervisor Woodward of this county, whose home is at Lordsburg, took the ladies of the Pomona Fruit and Flower Association on an outing to Downey yesterday.

The Burlington had in a nice party of twenty-four people yesterday. The summer excursion business into Southern California is much above the average this year.

The Southern Pacific fast service took a tremendous lot of people to Santa Monica on Sunday.

Both the Santa Fe and the Redondo road took a great many people to Redondo Beach on Sunday.

T. D. Connelley, freight agent of the Texas and Pacific is back from a visit to San Francisco.

"Distilled water for drinking purposes has no superior. Myself and family use it daily."—Dr. Arthur Genuis, Chicago.
Furkas is scientifically-distilled water, ten gallons, 75c. Ice and Cold Storage Company. Tel. 228.—(Adv.)

THE NEW BONDS.

HOW TO PARTICIPATE IN THE POPULAR LOAN.

Official Statement of the Method of Procedure as Given Out by the Secretary of the Treasury for General Information.

The following statement regarding the new bond issue is sent out to the press of the country by Secretary Gage. The information of prospective bond-buyers, that gives full information regarding the means of making purchases:

UNITED STATES BONDS.
United States bonds are recognized as the most secure and stable form of obligation that investors can hold. They are attractive, not only because of the absolute security offered, but because there is at all times a public market for them on which holders can quickly sell; and they also offer the most desirable form of collateral if the holder wishes to secure a temporary loan. The fact that United States bonds are not subject to taxes of any character—Federal, State, or municipal—is a valuable feature of that form of investment. United States bonds are issued in both coupon and registered form.

COUPON BONDS.
A coupon bond is payable to the bearer. It may be bought and sold without formality as freely as any kind of property and without indorsement of any kind. Owing to the freedom of transfer, coupon bonds are usually preferred by persons who expect to hold them but a short time. Their disadvantage for the person who wishes to make a permanent investment lies in the danger that they might be lost or stolen, in which case the loss to the owner would be as complete as if the bond were a bank note. The coupon bonds take their name from the method by which interest is collected by the holder. Printed on the same sheet with the bond is a series of coupons or small certificates of interest due, which are so designed that one is cut off at each interest period. Each coupon bears the number of the bond and shows the date of the coupon's maturity. The holder of a coupon bond at each interest period, detaches the coupon due that day and collects it. The coupons are payable at any sub-treasury, and may be collected through any bank, and will be accepted by any merchant having a bank account, with whom the holder of the bond has dealings. The holder of a coupon bond may at any time have it converted into a registered bond free of charge.

REGISTERED BONDS.
A registered bond is payable to the order of the owner, and can only be transferred by being properly indorsed, and assigned by the owner. Such assignment is made by the owner filling in the blank form on the back of the bond, and must be witnessed by some officer authorized by the regulations of the Treasury Department to witness assignments. The owner of the registered bond who wishes to part with it writes his name on the back of the bond in the presence of the officer; then the witnessing officer writes his name in its proper place and affixes an impression of his official seal.

The officers who are authorized to witness assignments are a United States Judge, United States District Attorney, clerk of a United States court, Collector of Customs, Collector or Assessor of Internal Revenue, United States Treasurer or Assistant Treasurer, or the president or cashier of a national bank, or if in a foreign country, a United States Minister or Consul. In cases where there is no officer within a reasonable distance, or when, through sickness or for some other good reason, the owner of registered bonds cannot go before one of these officers, the Treasury Department will designate some person near the owner to act as witness.

When the owner of a registered bond disposes of it and has properly assigned it, he delivers it to the new owner, who should at once forward it to the Register of the Treasury for transfer on the books of the department. The Register cancels the bond so forwarded and issues a new bond in the name of the new owner, and sends it to him by registered mail. The department makes no charge for transferring bonds.

If the owner of a registered bond loses it, or if it is stolen from him, he should at once notify the Secretary of the Treasury. A stoppage will be entered against the bond, and, if it should be presented for transfer, the department will hold possession of the bond until the ownership is clearly established. If a lost or stolen bond is not recovered within six months, the department will issue a duplicate bond upon proof of loss and a bond of indemnity being furnished.

The interest on registered bonds is paid by the government by means of checks. In order that no mistake may be made in the payment of interest, the books of the department are "closed" for a period, varying according to the importance of the loan. The books of the 4-per-cent. loan of 1907 are closed for the whole month preceding the payment of a quarter's interest. On other loans the books are closed for fifteen days preceding the interest payment. During this period no transfers are made, and the time devoted to preparing "checked" bonds, which contain the names of the owners, the amount of bonds each one holds, and the amount of interest due each one. When these schedules have been prepared and proved, they are sent to the Treasurer of the United States, who immediately has checks and envelope addresses and in due time each check is mailed to the address of its owner. The checks for the more distant points are first mailed. Interest checks are obligations of the United States, and, of course, are good everywhere.

Coupon bonds are issued in denominations of \$20, \$100, \$500 and \$1000. Registered bonds are issued in denominations of \$20, \$100, \$500, \$1000, \$5000, \$10,000.

HOW TO SUBSCRIBE FOR THE NEW BONDS.
The war loan which is now being offered will be sold to subscribers at par during the period of subscription, which ends July 14, 1898. The method of subscription has been made as simple as possible. Blank forms may be obtained at every money-order post-office, and at most of the banks and express offices, and on these forms is clearly indicated all that it is necessary for the subscriber to fill out. The subscriber may himself mail to the Treasury Department at Washington the blank form filled out, together with his remittance covering the par value of the amount of bonds for which he wishes to subscribe. That remittance may be in whatever form best suits the subscriber's convenience—in currency, bank draft, check, postoffice money order, or express money order. The day the currency is received, or the day the proceeds are received from the checks, drafts or money orders, the subscription will be entered and will immediately begin drawing interest. When the bonds are delivered, a check will accompany each delivery covering the interest at 3 per cent. from the day of August 1st entered to the last of August, the date of the bonds, and from which the bonds will carry their own interest.

Silverwood

See us about Bathing Suits.

It Takes Fifty

Cents in this store to buy a good undergarment. They are good goods, however, for the money. We ask you for nothing better than that you go into every store, look at every 50c line of underwear, then buy where you can do the best. If everyone would do that we wouldn't have underwear enough to go around. And you'll need some outing shirts for summer, won't you? Try Standard Shirts; they tower far above all other makes in fit, finish and workmanship. They please thousands of the best dressed men in the country—they'll please you: equal to custom-made but much cheaper. Try one. If it doesn't fit or suit we'll take it back and refund your money.

Bartlett Springs Mineral Water.

We have just received a fresh carload of this celebrated mineral water. As an exhilarating, refreshing table beverage Bartlett Water has few, if any, equals. Its medicinal properties have been the means of many cures for indigestion, rheumatism, kidney trouble, malaria and many other diseases. It has many advocates here in Los Angeles. You can get it at Jevne's.

208-210 South Spring St. Wilcox Building.

The Long and Short Of It.

Good bread does not come from poor flour. You cannot purchase wool for the price of cotton.

Every yard of staple, honest cloth made in the world has a fixed value.

Tailors are paid according to their skill. Cloth tinged with shoddy, made up by low-priced labor, is what makes suits that are usually advertised as bargains—but which turn out to be dear at any price in the long run.

The real bargain is the good suit, made by good tailors, of good cloth, sold and guaranteed by a good house.

Our Business Suits \$10.00 to \$20.00, are like the bread that comes from good flour—good.

Thin Coats, Thin Shirts, Thin Underwear, Straw Hats.

London Clothing Co.

In the pocket of my Tuxedo coat, said one of the New York four hundred—that's the coat I wear when I go out to dinners—I always keep one of the small vials of Ripans Tabules. There is one in the pocket now. I always look to see that it is there before I go out of an evening. After the dinner I always swallow a Tabule and then I know that I shall have no trouble that night and no headache next morning. With the Tabules in my pocket I always feel free to eat and drink everything that is put before me at a dinner.

A new style pocket containing the Ripans Tabules in a paper carton (without glass) is now for sale at some drug stores—FOR FIVE CENTS. This low-priced set is intended for the poor and the economical. One dozen of the Ripans Tabules, each in its own glass vial, can be had by mail by sending forty-eight cents to the KIPANS CHEMICAL COMPANY, No. 10 Spruce Street, New York.—Or a single carton (FOR FIVE CENTS) will be sent for five cents.

Cheapness and Goodness.

The dental work I do must be best in material used—facilities supplied—skill employed and satisfaction given. My guarantee makes that imperative. My charges are sufficient to provide all of this goodness, yet little enough to be fair and reasonable. If you care to spend your money in experimenting with work that costs less than fair—you will, at least, gather some valuable experience. And it's your money.

John A. Henry of the Soldiers' Home wants information about the family of David Irwin, who came from Knox county, Mo., three years ago.

There are undelivered telegrams at the Western Union Telegraph Company's office for S. R. Richmond, P. Parry, Miss Lenora Langham, John P. Hadley, Francis Smith, J. E. Wood, F. A. Stephenson, Charles Steinbrink, Clara Ester, H. G. Jones, R. A. Rose, Ed. Wren.

A lecture on the subject, "Emergencies," will be delivered at the medical college on Buena Vista street, this evening at 7:30 o'clock by Dr. Joseph Kurtz. The lecture is for the instruction of the local members of the Red Cross Society. No admission fee will be charged, and a general invitation is tendered to the public to attend.

THE POLICE COURT.

Justice Morrison Visits Penitentiary on Petty Lawbreakers.

Justice Owens having gone to San Francisco for a week, Justice Morrison is again hearing all the police cases this week. Yesterday's docket contained the names of eighteen persons charged with the crime of drunkenness. They were for the most part plain drunks, and the usual sentence of \$3 or three days was pronounced, although a few chronic were given heavier doses.

W. M. Henne, the Whittier graduate who robbed a Pomona man of his clothes, got a six months' sentence for petty larceny.

Al Perry, charged with tapping a Chinaman's till and abstracting therefrom \$50 cents, pleaded not guilty, and demanded a jury trial, which was set for June 24.

Tom Lee was fined \$4 and Joseph Hamilton and H. Metzger \$1 each for violating the hitching ordinance.

John Stark was fined \$2 for violating a city ordinance.

Arthur Shaw, Tom Bass and William Alexander, a trio of colored boys, were arraigned for burglary. For being alleged that they broke into J. H. Carter's store on North Main street and stole some bicycle fixings.

P. J. Henneman was found not guilty of disturbing the peace of Mrs. Nellie of Cherry street.

Louis Duquette will have a hearing today on the charge of disturbing the peace of one of his neighbors at Pico Heights.

QUOTA FILLED.

Seventh Regiment Recruits Leave Tomorrow—Regiment Wanted.

Lieut.-Col. W. G. Schrieber has about filled his quota of seventy-nine men for Cos. A, C, F and I. Up to last evening he had sworn in sixty-two and accepted enough more to fill the number wanted.

The troops will leave here Wednesday noon in a special train, which will run as second section to the regular leaving at 10:30 a.m. For these men, the Red Cross will provide abdominal bandages, caps and "housewives," while the war board will attend to the detail of men, and will leave on the special Wednesday.

Capt. Dodge, who has been recruiting in San Diego, Riverside and San Bernardino, reached this city last night with his detail of men, and will leave on the special Wednesday.

As there is no further medical examination to undergo when the troops reach Camp Meade, the men held here has been very rigid, and fully 50 per cent. of the applicants have been rejected.

Lieut. Elliott of the United States army, who is recruiting in the Wilson Block for infantrymen and heavy artillerymen, is having an easy time of it so far. Only four applicants have called on him, and only two have been enlisted. Lieut. Elliott thinks after the volunteer recruiting is over more will call on him, as the regular service offers a discharge after the war is over, if application for the same is made at that time.

Medical examinations for the engineering corps of the Eighth Volunteer Regiment is going on at headquarters in the Phillips Block, about 80 per cent. of those examined so far have been accepted.

Good Health of the Seventh.

Health and content is the portion of the Seventh Regiment of California Volunteers, in camp at San Francisco. Maj. Choate, surgeon of the regiment, has sent word to Los Angeles that the soldiers from Southern California are in fine physical condition, satisfied with their rations and camp regulations, and anxious only to make an early start for Europe. Lieut. Bates and Private Hewitt have been in the hospital, but both are convalescing, and are nearly ready for duty again. Very few of the men having seen in the hospital. A few have sore arms from vaccination, but with that exception they are in excellent health.

One pleasure in using Cleveland's Baking Powder

You need never fear results. It raises just right every time.

A WAR INVENTION.

AN ELIXIR OF LIFE FOR GUNS BIG AND SMALL.

Government Summons Joseph Singer of Los Angeles to Springfield Arsenal to Test His New Process for Protecting Gun Barrels.

Joseph Singer, gunsmith, inventor and vice-president of the Southern California Kennel Club, has been summoned to Washington by the United States government to direct a series of exhaustive tests to determine the value of a bluing process for the interior of guns, of his invention. The Los Angeles man says that his own previous tests have proved that the new process will prevent any rusting, protect the metal from the disastrous effects of heat, and lengthen the life of cannon and small arms far beyond anything ever before known.

Mr. Singer's process was worked out two years ago. He applied it to his own gun, and the rifles of some of his friends, and the tests satisfied himself of its worth. He described the method and showed its results to an army officer who visited Los Angeles a year ago. Two months ago, without previous warning, he received telegraphic orders to report to the War Department in Washington. His transportation was telegraphed to him, and he left at once to show his process to the authorities.

Since his departure for the East, Mr. Singer has hidden most of his time between Washington and Springfield, Mass., where is situated the great government arsenal, at which the experiments have been conducted. The results and the exact nature of the process are being guarded as a war secret. Mr. Singer has written to his friends in Los Angeles that the tests have come up to expectations. It is probable that he will be retained by the government in the East, if the process is accepted, superintending its application to the weapons of war.

The process consists of treating the interior of the gun barrel with a dressing or bluing which fills the pores of the metal and gives the gun a smooth, hard surface, which cannot be affected by moisture, the acids of powder gases. The process requires ten days. Extreme care must be taken, as a high degree of heat is necessary, and there is danger of warping the weapon.

"Guns treated by the new process," said Max Harris, Mr. Singer's partner in the Southern California Arms Company, "do not need to be cleaned. An ordinary rifle barrel must be carefully wiped out and polished after every time that it has been used. If a gun is put away uncleaned, the interior of the barrel quickly becomes pitted, or rusted, and the gun no longer shoots true. No matter how carefully a man cleans and oils his gun, almost invariably some traces of powder smoke remain, and in time the gun becomes pitted."

"Mr. Singer's process so protects the metal that the gun may be used constantly, and yet left uncleaned for months, and at the end of that time, if it is wiped out with a rag, it is as bright and smooth as if it were perfectly new. The new nitro-powders, the smokeless powders, when exploding form gases which are rich in acids destructive to the gun barrel. When a gun is hot it is much more easily injured by such gases than at other times. Mr. Singer has succeeded in rendering the metal proof against injury from these acids, even when highly heated."

The invention is of particular interest in relation to its use with big guns. The life of a large cannon is declared by most authorities to be short. The acids of the powder smoke, the heat and the friction quickly plays havoc with the true metal of the arm.

Another advantage claimed for the process is that it renders it unnecessary to spend so much time as heretofore in swabbing out the barrel. The gunners, instead of cleaning the cannon, can spend the time necessary to render the gun to cool, in preparing for the next battle. The time saved by dispensing with the necessity of continual cleaning, will be of no small importance.

The Los Angeles inventor has devised a number of other things in connection with guns and ammunition, and holds numerous patents, but his new bluing process is the thing of his invention of so much importance as to attract the attention of the government.

A NATIONAL CONVENTION.

Educational Association Invited to Los Angeles.

The Chamber of Commerce is going to make another effort to obtain the next annual meeting of the National Educational Association for this city. It has asked Prof. J. A. Fisher to present the invitation to the convention to hold its next meeting here.

Last year the convention was held in the Middle West, Washington, D. C., and it is expected that it will be held here this year.

The chamber will furnish appropriate literature and badges to be worn by every one at the convention who is in favor of Los Angeles.

The chamber received yesterday from John Scott of Duarte three cases of oranges and lemons for the Los Angeles exhibit at Omaha.

CRIMINAL ASSAULT.

Mrs. Faux Makes a Serious Charge Against Manuel Elisalida.

Manuel Elisalida was arraigned before Justice Morrison yesterday on the charge of assault with intent to commit rape. The complaining witness is Mrs. Susan M. Faux of No. 630 1/2 Stephen Avenue. Mrs. Faux, it is alleged, was hunting her little boy, who was playing with some children some distance from home last Wednesday evening. While passing a dark and lonely place in the street, Elisalida is alleged to have assaulted her in a felonious manner. The woman's screams attracted the attention of J. F. Meyers of Grand avenue, who happened to be passing that way. He went to the rescue, and the woman's assailant made his escape. He was afterward identified as Elisalida, and his arrest followed. His examination is set for June 22, at 9 o'clock.

Dr. Frank H. Montgomery, No. 100 State street, Chicago, speaking of distilled water, says: "I take pleasure in recommending it, not only as a pure distilled water is required, but also for general use. Being free from all salts, it should be the best of solvents, and as such I have used it with good results in several cases of defective elimination." Puritas is a scientifically-distilled water. Ice and Cold Storage Company. Tel. 228—(Adv.)

WANTED.

Two hundred girls, ages 12 to 15, for living-dag for July 4. Apply at Kramer's Dancing School, 139 West Fifth street.

WATCHES cleaned, 35c; main springs, 50c; crystals, 10c; Paton, No. 214 South Broadway.

Royal Baking Powder is made of pure crystal cream of tartar, and its superior wholesomeness and strength are beyond all question. The most economical to use.

MARRIAGE LICENSES.

The following licenses were issued yesterday from the office of the County Clerk:

George W. Seward, a native of Ohio, aged 47 years, and a resident of Los Angeles, and Ellen Sharpe, a native of Michigan, aged 42 years, and a resident of Big Rapids.

William C. Finley, a native of Missouri, aged 28 years, and a resident of Los Angeles, and Clara L. Coleman, a native of Nebraska, aged 28 years and a resident of Pomona.

John W. Brown, a native of Texas, aged 28 years, and a resident of Artesia, and Lillie L. Hungerford, a native of California, aged 25 years, and a resident of Carmelita.

Fred Jenney, a native of Pennsylvania, aged 30 years, and Nellie A. Platt, a native of California, aged 19 years, both residents of Los Angeles.

Charles A. Lowker, a native of New York, aged 38 years, and Minnie A. Holland, a native of Ohio, aged 22 years; both residents of Los Angeles.

DEATH RECORD.

MACAULAY—In this city, June 19, 1898, Mary Macaulay, a native of Nova Scotia, aged 40 years.

Funeral from parlors of Orr & Neilsen, 647 S. Broadway, Tuesday, June 21, 1898, at 2 p.m. Interment Evergreen Cemetery. Friends invited to attend.

MARRIAGE RECORD.

Successors to Lud Zobel Co., 219 S. Spring St.

RETIRED FROM BUSINESS.

Our reason for selling at import cost is a good and substantial one.

We are retiring from the retail trade, and wish to close out all Diamonds, Watches and other wares as quickly as possible.

We are not running a "bargain" establishment by any means. This is simply one of those conditions of a merchandising career where we are forced to close out all wares at much under the usual prices.

Prospective diamond buyers should be interested. All goods marked in plain black figures, with reduced price in red.
